PROUDLY SERVING WEST COAST INDUSTRY SINCE 1995

BATTERY CONTAINMENT / STORAGE BOX

Features:

- Stackable
- Seamless Design
- Snug-fitting lid
- Fourway Forkliftable

Benefits:

- No leaks or spills
- Protects floors and walls
- Easy forklift handling

The corrosive properties of battery acid can affect walls, floors, electrical or most things in close proximity. In addition, environmental regulations require secure storage of batteries.

Capacity	124 US Gals. 16 Cu. Ft.	186 US Gals. 24 Cu. Ft.
Support Legs	9 - 5"	9 - 5"
Max Qty. Per Pallet	5	3

- Anywhere that large and multiple batteries are used, finding the proper storage and handling solution becomes difficult.
- These large yellow totes with removable lids are the perfect solution. They are large enough to store multiple units. The design allows for handling with forklifts or lift-trucks, and a snug fitting lid protects from spillage and airborne acid transfer.
- Safely store and handle hazardous materials such as old paint cans and used batteries or any other items in these all-purpose containment boxes.

Recommendation:

Place a sheet of 3/8" of plywood in the bottom of these boxes before using.
